

In August, 2006, The Kohn Foundation Bahamian Animal Rescue Committee (B.A.R.C.) was accepted into the Henry Schein Cares Program. This means BARC is eligible for a two year donation program, whereby veterinary supplies are sent (by pallet) to the Humane Society of Grand Bahama. We are very honored and excited to be a part of such an impressive organization. Our first pallet (we might receive up to four/year) was received in September, 2006. It contained syringes, bandages and other critical supplies that will enable the Humane Society to reserves its limited resources for larger projects such as its upcoming spay/neuter clinics. Additionally, the receipt of donated vet supplies will help furnish the new shelter when it is finished. Our first pallet was shipped from Fort Lauderdale to Freeport via G & G Shipping, who kindly offered to waive the shipping fees. Thank you Henry Schein Cares and G& G Shipping for making a difference in this world for our animal companions.

A Note about the Henry Schein Cares Program:

"Henry Schein Cares is the global corporate citizenship program of Henry Schein, Inc. (NASDAQ: HSIC), the largest distributor of healthcare products and services to office-based practitioners in the combined North American and European markets. The mission of Henry Schein Cares is to assist in narrowing the disparity in the delivery of healthcare services and information to underserved communities, both in the United States and abroad, by providing resources to support the programs of community-based health professionals and their organizations. Henry Schein Cares currently supports nearly 100 nonprofit organizations across the United States and abroad by providing resources, which include cash donations, in-kind services and product donations, to support the programs of community-based health professionals and their organizations. It is part of Henry Schein's ongoing commitment to corporate social responsibility, and its belief in the theory of enlightened self-interest: doing well by doing good."
